OFFICE USE ONLY

Date _____

You have been assigned Account Number _____.

Please refer to this number when you apply for permits. It is advised you keep this number confidential since you are responsible for all charges incurred.

Engineer of Operations

GENERAL PROVISIONS

The ledger maintained by the Department is intended to show an accurate account of all transactions and will constitute the official record.

In all matters relative to an account, the Department will communicate only with the account holder or his designated representative.

Deposits to accounts may be in the form of a certified, cashier's, traveler's, company or personal check or postal or telegraphic money order made payable to the State Treasurer of Illinois. Payments in currency must be made in person. The Permit Office will charge a service fee of \$3 for a check returned for any reason.

Use of credit or prepayment shall not modify, alter or in any manner affect either the provisions of the law or the policy of the Department with regard to issuing special permits for excessive size or weight or the determination and collection of authorized fees.

Use of credit or prepayment is not transferable and may be used only for payment offers for permits issued to the account holder or for fees for IDOT registration of the account holder's vehicles. Credit may not otherwise be used for permits or vehicle registrations issued to any other person, company or organization, nor shall any credit be diverted on behalf of the account holder for any other purpose.

Permit service companies and communications companies, hereafter known as Permit Agents agree to allow the charging of permit fees against their account provided the permit is issued as a hard copy and is transmitted to one of their facilities on a Collection-on-Delivery basis so they may obtain the fee from the permittee and fee for each permit charged to the account. The Permit Agent agrees to pay all such fees charged in accordance with this provision.

ESCROW ACCOUNT PROVISIONS

An escrow (prepaid) account will remain open as long as there is a positive balance. The balance will be reduced by the fee amount for each permit issued.

Upon request, the Department will notify the account holder when the prepaid amount is reduced to an agreed warning limit.

The account holder may replenish his fund at any time. However, deposits must be made in multiples of \$100.

The Department will furnish monthly statements, providing there has been activity against the account that will show charges, deposits, adjustments and the current prepaid amount remaining.

An escrow account may be closed at any time and the unused balance refunded. Closing of the account and requests for refunds must be in writing.

For information about IDOT's collection and use of confidential information review the department's [Identity Protection Policy](#).
